

**Proposal by: Michael Bolger**

**New / Additional rule proposal.**

This would sit as rule 3.1.1 if the proposed new rule book is passed.

Proposal:

Two Wheel Drive Open driver grading. Drivers to be divided into F1 and F2 category.

Drivers finishing in the top 6 of the previous two championships, will be graded F1, all other drivers graded at F2.

(End of championship results will produce an overall result [all drivers F1 and F2 combined], along with a separate F2 overall result.)

Committee to have final say on F1 / F2 grading.

Note: Though behind the rule is to give all drivers in the now expanded 2wd open (modified) category a more achievable goal. New drivers to the class (F2) will be able to see where they rank against other similar drivers. Existing /new F2 drivers will be challenging for the best overall F2 result, as well as overall (F1 and F2 combined) and promotion to F1 grade. F1 drivers will be challenging for their best overall result as well as keeping their F1 grading.

Each year the F1 / F2 drivers should change based on the last two championships. (But allowing someone to had a 'bad' championship, but keep the F1 rank.)
